

COMPANY STRUCTURE

**Copper Cables and
Connectors Holdings (Pty)
Ltd**

**Copper Cables and
Connectors (Pty) Ltd**

**Copper Cables and
Connectors Workers Trust**

Our employees are at the heart of our organisation. That's why when we were allowed the opportunity in 2008 to purchase the shares of the company we made no secret of the fact that we wanted as many people in the employ of the company as possible to share in all future wealth creation of the company and the Copper Cables and Connectors Workers Trust was born. From the start of our ownership involvement in the company, we believed that any Economic Empowerment should be as Broad Based as possible.

After a period of proper training, facilitated by the IDC, of Beneficiaries of the Trust a vote was held and the following individuals were named as Trustees and it was so registered in September 2009:

T.T. Hlengethwa

W.D. Morris

T. Magazi

B. Triegaardt
